THIS PAGE IS FOR YOUR INFORMATION – PLEASE KEEP FOR REFERENCE

Welcome to the **Rowe Neurology Institute!** We are glad you've chosen to receive your neurologic care here. There are several things you should know about a neuroscience institute, and how this is different from a regular doctor's office:

While our neurologists all see general neurology patients, each has areas of subspecialty, and typically has trained beyond what is standard for general neurologists. Your initial neurologist may want the input of a subspecialist within the Institute. Our areas of special expertise include:

Multiple Sclerosis	Memory Disorders
Headache	Neuropsychology
Sleep Disorder	

We have diagnostic facilities. This includes MRI scanning, EEG and EMG testing, Sleep disorder testing, and many other things not usually done through a regular neurology office.

We conduct research. We have an active research staff. Some patients may be asked if they are interested in participating in selected clinical research projects.

POLICIES:

NO TEST RESULTS ARE GIVEN OVER THE TELEPHONE. A visit with a provider is the best and only way to discuss results and their importance.

MEDICATIONS REFILLS ARE HANDLED DURING OFFICE VISITS. *Discuss prescriptions with your doctor at every visit, and keep track of the number of refills available at your pharmacy.* On the rare occasion when a refill is needed without an office visit, your pharmacy must fax the request. The number is 913-894-1502. It usually takes several days to process requests for medication refills, and they are only handled during regular business hours. **No refills are handled after hours or by the on-call physician.**

Your office visit is your time to speak with your provider. He or she will not be speaking with you by phone or email.

If you leave a message for a nurse, they will make every attempt to return calls within 48 hours. Please do not leave duplicate messages.

If you think you are having a medical emergency, do not call our office. Call 911 or go to the emergency room.

Patient Insurance Coverage Responsibility Disclaimer and Authorization

I understand that is my responsibility to know if CONSULTANTS IN NEUROLOGY, P.A. is an authorized provider according to my insurance contract. If for any reason my insurance contract is not valid or any fees are not covered by my insurance contract, I am responsible for payment of all charges. I also understand that CONSULTANTS IN NEUROLOGY, P.A. is required by law and contract to collect from me, ON THE DATE OF SERVICE, any present co-payment amount required by my insurance contract.

I understand that I am responsible to know which lab and outside facilities my insurance company utilizes for all lab work, diagnostic testing and specialist's appointments. If prior authorizations are required by my insurance contract for diagnostic testing and specialists' appointments, I realize that it is my responsibility to request a referral authorization from my provider. Failure to do so may result in my insurance company denying payment for services and I will be responsible for the services performed.

I understand and agree that if my Employer, Workman's Compensation Carrier, or my Insurance Plan does not pay in full that I will be responsible for payment for all charges. I also agree that in the event of collection, I agree to pay all outstanding charges, costs of collection including reasonable attorney's fees. I authorize my insurance company to pay all benefits directly to CONSULTANTS IN NEUROLOGY, P.A. and thereby agree to the release of relevant medical information to insurance carriers. This assignment will remain in effect until revoked by me in writing. A photocopy of this assignment is to be considered as valid as an original. I understand and agree to the financial policy as stated above.

Authorization for Medical Treatment and Access to Prescription History

While I am here I permit the employees, the doctor, and all other persons caring for me to treat me in ways they judge are beneficial to me. I understand the attending physician will explain to me the nature of my condition and his recommended treatment and any associated risk involved. I also understand that this care may include diagnostic testing, examinations, medical and or/surgical treatment and no guarantees have been made to me about the outcome of this care. I also grant permission to access my prescription history across providers. This prescription History enables the doctor to make a more informed clinical decision.

Acknowledgement of Notice of Privacy Practices/Consent to Treat/Lab Result Notification/Photograph Consent

I acknowledge that I have read the Notice of Privacy Practices. I understand that CONSULTANTS IN NEUROLOGY, P.A. may, at its discretion, change the terms and conditions of this notice. I understand the content of the Notice of Privacy Practices and will be provided with a copy upon my request. I give CONSULTANTS IN NEUROLOGY, P.A. permission to leave a message on my answering machine or with the following family members regarding reports, or blood work if I am not home when they call. I give CONSULTANTS IN NEUROLOGY, P.A. permission to take my picture for identification purposes. I consent to general treatment, medical procedures, and medications prescribed by CONSULTANTS IN NEUROLOGY, P.A. I understand the physician's and staff of CONSULTANTS IN NEUROLOGY, P.A. will not discuss my health information with my family or friends unless I expressly authorize them to do so.

THE EPWORTH SLEEPINESS SCALE

Patient Name: _____ Date: _____

Please use the following scale, to decide the likeliness you would doze off or fall asleep in the following situations.

Even if you have NOT done some of these things RECENTLY, try to answer how they would have affected you.

Using the following scale, Please choose the most appropriate number for each situation:

0 = Would **NEVER** doze or fall asleep
1 = **Slight Chance** of dozing or falling asleep
2 = **Moderate Chance** of dozing or falling asleep
3 = **High Chance** of dozing or falling asleep

SITUATIONS:	**Chance of dozing**
Sitting and Reading	_____
Watching TV	_____
Sitting, inactive in a public place (Theatre, meeting, etc.)	_____
As a passenger in a car, for an hour without a break	_____
Lying down to rest in the afternoon	_____
Sitting and talking to someone	_____
Sitting quietly after lunch, without alcohol	_____
In a car while stopped, for a few minutes in traffic	_____
TOTAL :	_____

Add up the numbers you put in each box to get your total score. A total score of less than 10 suggest that you may not be suffering from excessive daytime sleepiness. A total score of 10 or more suggests that you may need further evaluation by a physician to determine the cause of your excessive daytime sleepiness and whether you have an underlying sleep disorder.

It is important to remember that true excessive daytime sleepiness is almost always caused by an underlying medical condition that can be easily diagnosed and effectively treated.

Dear Patient:

RE: **Credit Policy**

We want to make you aware of our credit policy.

All co-pays must be paid at the time of your appointment. This is a requirement of your insurance company.

After your insurance has paid its portion, the balance is due when you receive your statement unless previous arrangements have been made and approved.

Options for large amounts:

1) For large deductibles and co-portions (insurance), a credit card will be held on file. Arrangements of 6 monthly payments must be made with our billing department prior to scheduling- via a credit card held on file. No charges against your credit card will commence until insurance pays or determines their portion. Please call our office upon receipt of your **first statement** to initiate the first payment either with credit card on file or other means of payment. For larger unmet deductibles, a pre-payment towards that deductible may be required to schedule your treatment.

2) Care Credit. You may apply for longer payment arrangements of
12 to 18 months of payments with no interest! Care Credit is a confidential credit card company (focused on healthcare) that you can apply for in the comfort of your home either by phone or directly online.

Please call our billing office at 913-894-1500 ext 4247 to make arrangements or to receive more information about Care Credit.

All arrangements need to be set up prior to testing or treatment. We will do whatever we can to assist you in payment for your services.
