THIS PAGE IS FOR YOUR INFORMATION – PLEASE KEEP FOR REFERENCE

Welcome to the **Rowe Neurology Institute!** We are glad you've chosen to receive your neurologic care here. There are several things you should know about a neuroscience institute, and how this is different from a regular doctor's office:

While our neurologists all see general neurology patients, each has areas of subspecialty, and typically has trained beyond what is standard for general neurologists. Your initial neurologist may want the input of a subspecialist within the Institute. Our areas of special expertise include:

Multiple Sclerosis	Sleep Disorder
Headache	Neuropsychology

We have diagnostic facilities. This includes MRI scanning, EEG and EMG testing, Sleep disorder testing, and many other things not usually done through a regular neurology office.

We conduct research. We have an active research staff. Some patients may be asked if they are interested in participating in selected clinical research projects.

POLICIES:

NO TEST RESULTS ARE GIVEN OVER THE TELEPHONE. A visit with a provider is the best and only way to discuss results and their importance.

MEDICATIONS REFILLS ARE HANDLED DURING OFFICE VISITS. No refills are handled after hours or by the on-call physician.

Your office visit is your time to speak with your provider. He or she will not be speaking with you by phone or email. We do encourage communication through the patient portal.

If you leave a message for a nurse, they will make every attempt to return calls within 48 hours. Please do not leave duplicate messages.

If you think you are having a medical emergency, do not call our office. Call 911 or go to the emergency room.

Patient Insurance Coverage Responsibility Disclaimer and Authorization

I understand that is my responsibility to know if CONSULTANTS IN NEUROLOGY, P.A. is an authorized provider according to my insurance contract. If for any reason my insurance contract is not valid or any fees are not covered by my insurance contract, I am responsible for payment of all charges. I also understand that CONSULTANTS IN NEUROLOGY, P.A. is required by law and contract to collect from me, ON THE DATE OF SERVICE, any present co-payment amount required by my insurance contract.

I understand that I am responsible to know which lab and outside facilities my insurance company utilizes for all lab work, diagnostic testing and specialist's appointments. If prior authorizations are required by my insurance contract for diagnostic testing and specialists' appointments, I realize that it is my responsibility to request a referral authorization from my provider. Failure to do so may result in my insurance company denying payment for services and I will be responsible for the services performed.

I understand and agree that if my Employer, Workman's Compensation Carrier, or my Insurance Plan does not pay in full that I will be responsible for payment for all charges. I also agree that in the event of collection, I agree to pay all outstanding charges, costs of collection including reasonable attorney's fees. I authorize my insurance company to pay all benefits directly to CONSULTANTS IN NEUROLOGY, P.A. and thereby agree to the release of relevant medical information to insurance carriers. This assignment will remain in effect until revoked by me in writing. A photocopy of this assignment is to be considered as valid as an original. I understand and agree to the financial policy as stated above.

Authorization for Medical Treatment and Access to Prescription History

While I am here I permit the employees, the doctor, and all other persons caring for me to treat me in ways they judge are beneficial to me. I understand the attending physician will explain to me the nature of my condition and his recommended treatment and any associated risk involved. I also understand that this care may include diagnostic testing, examinations, medical and or/surgical treatment and no guarantees have been made to me about the outcome of this care. I also grant permission to access my prescription history across providers. This prescription History enables the doctor to make a more informed clinical decision.

Acknowledgement of Notice of Privacy Practices/Consent to Treat/Lab Result Notification/Photograph Consent

I acknowledge that I have read the Notice of Privacy Practices. I understand that CONSULTANTS IN NEUROLOGY, P.A. may, at its discretion, change the terms and conditions of this notice. I understand the content of the Notice of Privacy Practices and will be provided with a copy upon my request. I give CONSULTANTS IN NEUROLOGY, P.A. permission to leave a message on my answering machine or with the following family members regarding reports, or blood work if I am not home when they call. I give CONSULTANTS IN NEUROLOGY, P.A. permission to take my picture for identification purposes. I consent to general treatment, medical procedures, and medications prescribed by CONSULTANTS IN NEUROLOGY, P.A. I understand the physician's and staff of CONSULTANTS IN NEUROLOGY, P.A. will not discuss my health information with my family or friends unless I expressly authorize them to do so.

THE EPWORTH SLEEPINESS SCALE

Patient Name: _____

Please use the following scale, to decide the likeliness you would doze off or fall asleep in the following situations.

Even if you have NOT done some of these things RECENTLY, try to answer how they would have affected you.

Using the following scale, Please choose the most appropriate number for each situation:

0 = Would **NEVER** doze or fall asleep
1 = **Slight Chance** of dozing or falling asleep
2 = **Moderate Chance** of dozing or falling asleep
3 = **High Chance** of dozing or falling asleep

SITUATIONS:	**Chance of dozing**
Sitting and Reading	_____
Watching TV	_____
Sitting, inactive in a public place (Theatre, meeting, etc.)	_____
As a passenger in a car, for an hour without a break	_____
Lying down to rest in the afternoon	_____
Sitting and talking to someone	_____
Sitting quietly after lunch, without alcohol	_____
In a car while stopped, for a few minutes in traffic	_____
TOTAL :	_____

Add up the numbers you put in each box to get your total score. A total score of less than 10 suggest that you may not be suffering from excessive daytime sleepiness. A total score of 10 or more suggests that you may need further evaluation by a physician to determine the cause of your excessive daytime sleepiness and whether you have an underlying sleep disorder.

It is important to remember that true excessive daytime sleepiness is almost always caused by an underlying medical condition that can be easily diagnosed and effectively treated.

Dear Patient:

RE: **Credit Policy**

We want to make you aware of our credit policy.

All co-pays must be paid at the time of your appointment. This is a requirement of your insurance company.

- **Many insurance plans now have large deductibles.**
- **If your initial visit is subject to your deductible, versus having a copay we will require a partial payment for that visit of $150.**
- **We do require a portion of your deductible to be paid at the time testing is scheduled. We will give you an estimate of your portion, however, keep in mind actual amounts are determined by your insurance company.**
- **We also require you to leave a Credit Card on file that will be held for the unpaid portion of your bill after insurance processes your claim. You will have the ability to call and set up a payment plan, before any auto debiting of your account would occur. If you do not pay your bill in full, you must set up a payment plan within two billing cycles. Failure to set up a payment plan for the balance after your insurance processes your claims will result in this card being charged.**
- **For most of these balances after insurance pays, we will allow 6 months of payments here at our office, with a minimum payment of $50 per month for small balances under $300.**
- **For larger amounts, if you cannot pay us in 6 monthly payments, we offer Care Credit (on balances over $800) at no interest for 6 or 12 months if you qualify with Care Credit. It is an outside company that you would apply to from your home computer or by phone. Contact our billing office if you need the information on how to apply and we can email that to you.**

Please call our billing office at 913-827-4247 to make arrangements or to receive more information about Care Credit.

All arrangements need to be set up prior to testing or treatment. We will do whatever we can to assist you in payment for your services.
